The BIBs runners are personal and non-transferable and must be used correctly (placed on the chest) from the start to the finish of the race and when using the public transportation system on the race day. **Runners with the BIB can use the Lisbon transportation system, buses, trains and subway for free until 4 pm.**

The 2025 EDP Lisbon Marathon BIB will include the most relevant information for each runner as its **starting box**, its **gear check service status** (subscribed or not subscribed) and the **recommend train time** to arrive at the start line in the best time.

To assure the athlete's safety in case of an accident, physical indisposition or any other emergency during the race, **the organization asks to all runners to fill in their personal data in the back of the BIB.**

Under no circumstances can the BIBs be reproduced, replicated, modified, or used by a third party. Runners with a fake or modified BIB will be disqualified and prevented from participating.

START

The start of the EDP Lisbon Half Marathon is scheduled for Sunday, **March 9th at 09:30 am**. The time limit to finish the race is 3h00 (three hours).

To ensure that each participant has a hassle-free departure, the organization strongly advises participants to arrive early at the start area. Runners' BIB will advise the best train time each runner should take to the start line according to its starting box.

Fertagus has a total of 14 train stations, including Pragal station. To reach Pragal station from Lisbon center, runners can choose from four train stations: Roma-Areeiro, Entrecampos, Sete-Rios and Campolide. From the south margin of Tejo river, runners can choose from nine train stations: Corroios, Foros de Amora, Fogueteiro, Coina, Penalva, Pinhal Novo, Venda do Alcaide, Palmela and Setúbal.

The journey from the train station to the start takes about 10 to 15 minutes, but runners should consider that **there will be thousands of runners moving to the start** and that there will be security checks along the way.

How to reach the start

The start line is at the beginning of the "25 de Abril" bridge. To reach it, **runners must use the Fertagus trains** and leave at the Pragal station (there's no other way to reach the start line). At Pragal station, runners need to follow the instructions and move to their starting box.

At page next you will have the timetable for all Fertagus trains.
